For more information about Vanguard funds, Vanguard ETF Shares, or non-Vanguard funds offered through Vanguard Brokerage Services, visit vanguard.com or call 800-992-8327 to obtain a prospectus or, if available, a summary prospectus. Investment objectives, risks, charges, expenses, and other important information are contained in the prospectus; read and consider it carefully before investing.

You must buy and sell Vanguard ETF Shares through Vanguard Brokerage Services (we offer them commission-free) or through another broker (who may charge commissions). Vanguard ETF Shares aren't redeemable directly with the issuing fund other than in very large aggregations worth millions of dollars. ETFs are subject to market volatility. When buying or selling an ETF, you'll pay or receive the current market price, which may be more or less than net asset value.

Investments in bonds are subject to interest rate, credit, and inflation risk.

Options are a leveraged investment and are not suitable for every investor. Options involve risk, including the possibility that you could lose more money than you invest. Prior to buying or selling options, you must receive a copy of *Characteristics and Risks of Standardized Options* issued by OCC. A copy of this booklet is available at theocc.com. It may also be obtained from your broker, any exchange on which options are traded, or by contacting OCC at One North Wacker Drive, Suite 500, Chicago, IL 60606 (888-678-4667 or 888-OPTIONS). The booklet contains information on options issued by OCC. It is intended for educational purposes. No statement in the booklet should be construed as a recommendation to buy or sell a security or to provide investment advice. Call The Options Industry Council (OIC) Helpline at 888-OPTIONS or visit optionseducation.org for more information. The OIC can provide you with balanced options education and tools to assist you with your options questions and trading.

Brokerage Account Transfer Form

To transfer assets to your Vanguard Brokerage Account

Use this form to transfer most types of retirement and nonretirement assets from another financial firm to your Vanguard Brokerage Account. You can also use this form to transfer Vanguard mutual funds currently held at another institution.

Don't use this form for either of these transactions:

- To transfer fund shares from your Vanguard mutual fund account to your Vanguard Brokerage Account.
- To exchange shares of one Vanguard mutual fund for shares of another; instead, go to your account online.*

Important notes about your transfer

- For detailed signature requirements, see **Instructions for Sections 4 and 5** on the next page.
- Processing time depends on the type of transfer. Most take one to two weeks. However, a transfer may take longer depending on your current custodian.
- Vanguard Brokerage doesn't charge account transfer fees. Check if your current firm charges such fees.

Assets you can transfer

You're requesting that assets from your current firm be transferred to Vanguard Brokerage Services® "in kind," which means moved directly to your Vanguard Brokerage Account without being sold. Assets you may transfer in kind include:

- Stocks.
- Bonds.
- Most options.
- ETFs (exchange-traded funds).
- Unit investment trusts. (Please note: You won't be able to purchase additional trust shares or roll over the trust shares at maturity.)
- CDs (certificates of deposit) held in a brokerage account.
- Most mutual funds (although money market funds, including your current money market sweep account, will be sold and transferred as cash).**

Assets you can't transfer

You can't transfer the following assets:***

- CDs held directly with a bank.
- Certain options.
- Limited partnerships and private placements.
- Certain mutual funds and other investment products offered exclusively by your current firm.

- Commodities.
- Annuities.

Margin and option accounts

If you're holding margined securities, submit our Margin Account Application along with this form for approval. If you're holding fully paid securities in the margin portion of your account, move these securities to the "cash" portion of the account before submitting this form.

If you want to transfer options, submit our Brokerage Option Application along with this form.

Both applications are available for download at vanguard.com/serviceforms.

*Log on to your account at vanguard.com. From the **My Accounts** dropdown, select **Balances & holdings**. Choose the Vanguard fund from which you want to make an exchange, then click **Exchange** and follow the instructions.

**If you're transferring funds from more than one money market fund, consider consolidating the funds into your money market sweep account before this transfer.

***If you sell these assets, the proceeds can be transferred as cash.

4. Letter of authorization to Vanguard and the current firm

Important: Before completing Sections 4 and 5, refer to the instructions at the beginning of this document for details about who must sign and whether a Medallion signature guarantee is required.

To the current firm: I understand that by signing below, I am authorizing Vanguard Marketing Corporation (VMC) to instruct you to transfer the assets identified in Section 3 of this form to my Vanguard Brokerage Account held with VMC. If the assets to be transferred are part of a retirement plan, I represent that I have opened a retirement plan with Vanguard Fiduciary Trust Company as the successor custodian/trustee and VMC as the broker. I understand that upon receipt of these transfer instructions, you will cancel all open orders in my account and will contact me regarding any account assets that are not transferable. I understand that I am responsible for returning or destroying credit/debit cards and any unused checks issued in connection with my current securities account. I understand that to the extent that any assets in my account are not readily transferable, with or without penalties, such assets may not be transferred within the time frames as set by FINRA Rule 11870.

I authorize you to transfer all assets in my account, except as noted above. I authorize you to liquidate any nontransferable proprietary money market fund assets in my account and transfer the credit balance. I authorize you to deduct any outstanding fees due from my credit balance; if the credit balance is insufficient to cover any outstanding fees, I authorize you to liquidate assets in my account to satisfy the obligation. I authorize you to transfer physical certificates or other instruments in my account in good deliverable form (including affixing any necessary tax waivers) to allow VMC to register them in street name for the purpose of sale when and as directed by me. I understand that any fractional shares of stock are nontransferable and will be liquidated; any liquidation of such shares may constitute a taxable event.

To VMC: If an account transfers to VMC with a debit balance, I understand that I am responsible for satisfying the debit balance and that VMC may settle the debit balance via a sweep transaction from my Vanguard Brokerage Account's money market settlement fund. I also understand VMC may liquidate assets in my account if there are insufficient funds in my money market settlement fund to satisfy the debit balance.

Name discrepancies: If there are any name variations, complete and attach our One-and-the-Same Certification Form.

By signing on the next page, I acknowledge that I have read and I understand this form in its entirety. I hereby authorize the transfer of my account as listed in Section 2 to the Vanguard account listed in Section 1. By signing on the next page, I authorize any name or account discrepancy during the transfer.

Registration discrepancies: All account owners or authorized signers of any accounts listed in Sections 1 and 2 must sign below. By signing below, I acknowledge the existence of any differences in account owners and/or account type between the account being transferred into Vanguard and the Vanguard account. Each individual who signs below is aware of these discrepancies and authorizes Vanguard to accept the transfer as indicated on this form. Vanguard or the current firm may require additional documentation to effect transfers of assets between unlike accounts.

Note: Completing this section doesn't guarantee the current firm will accept these instructions.
Contact the firm to verify that it will accept this letter of authorization and find out whether additional documentation is required.
